ABOUT ME

I am a 30-year-old professional in the Missoula area. After four years of working in the Atlanta film and television industry, I have relocated to Montana for a change of lifestyle. Though I have left the entertainment industry, I'm still seeking creative outlets and have a passion for video production and photography. Years as a production assistant have honed skills valuable for video marketing; I am highly adaptable to changing circumstances and schedules, very comfortable working with actors and other talent (including their daily hair/makeup/wardrobe process and directing them on set), and comfortable overseeing multiple departments during shooting and nightly wrap-out. I am looking forward to new ways to pursue my creativity and production skillset!

PRODUCTION SKILLS

PRE PRODUCTION - Script writing, storyboarding, scheduling, production meetings, pitch decks/show bibles, location scouting/planning, negotiating production resources and contracts, market research.

PRODUCTION - Talent management/prep, blocking and shooting, maintaining a shooting schedule, daily Production Reports.

POST PRODUCTION - Editing, color, voiceover recording, social media output, distribution.
