PROFILE

Dedicated problem solver who loves technology and finds joy in increasing efficiency and providing innovation to the project as a whole. Works well with others and is effective at leading in order to complete tasks in a timely manner. Has a passion for learning quickly and is able to adapt to differing problems/situations.

EMPLOYMENT HISTORY

The School of Film & Photography at Montana State University, Bozeman, MT

Equipment Facility Manager | January 2020 - Present

Equipment Supply Technician | August 2017 — January 2020

Responsible for maintaining and improving technology, equipment, A/V systems, and facilities at the School of Film & Photography. Duties also include the check-in/out of film and photography equipment to students at Montana State University.

- Facilitated the transition of inventory and processes to new software and curated trainings for employees resulting in better access to knowledge and equipment for the whole department.
- Proposed room improvements and personally installed upgrades to classroom A/V, editing labs, and cinema projection systems creating improved ease of use and reliability.
- Eagerly learned the inner workings of all film and photo equipment in order to repair and teach others via the creation of custom tutorial manuals and hands on training sessions.
- Coordinated with colleges to facilitate proposals for purchase and deployment of new equipment and student resources.

The School of Film & Photography at Montana State University, Bozeman, MT

Instructor of Photography | January 2021 - May 2021

Responsible for teaching a college junior-level class on Image & Text. Learning goals included Intermediate knowledge of Adobe InDesign CC, beginning to intermediate knowledge of typeface and layout (graphic design), the ability to create effective print communication, and increased discernment of marketing manipulation.

- Utilized technology to demonstrate and communicate ideas to students in an on campus classroom.
- Assessed student projects based on adherence to learning goals, creativity, and effort.
- Collaborated with students one-on-one to aid them in achieving their own educational goals.

Bumblebee Real Estate Media, Spokane, WA

Real Estate Photographer | May 2018 — August 2018

Responsible for evaluating and photographing properties, homes, and businesses inside and out. Particular attention was paid when photographing to best illustrate the property and client's desires. Responsible for editing each day's photos in a timely manner for prompt delivery to clients. Brought forth passion and enthusiasm, resulting in company innovation.

- Participated in adopting new ways to edit photos to increase image quality and efficiency.
- Collected and applied client feedback to actively test new camera settings and techniques to create more desirable photographs.

EDUCATION

Bachelor of Arts in Film & Photography

Montana State University, Bozeman, MT | August 2017 — December 2019

Eastern Washington University, Cheney, WA | August 2015 — April 2017
