

PROFESSIONAL SUMMARY

Highly motivated and detail-oriented leader with over 16 years of experience as a department lead, successfully driving new processes and procedures for large studio productions. I have demonstrated expertise in Environmental Health and Safety Management within the entertainment industry, including Features, Television, Live Events, facilities management, and vendors. Proven ability to excel in complex and ambiguous environments while overseeing global health and safety initiatives.

Production Safety Consultant: HBO | Fifth Season | TruTV | Spyglass

Projects: *Scream 7 (in Prep) / Peacemaker Season 2 (In Post) / Tokyo Vice / Mare of Easttown / The Outsider / Love Craft Country / The Righteous Gemstones / Hot Ones: The Game Show*

- Conduct thorough risk assessments of filming locations, sets, and equipment to identify potential hazards, assess their level of risk, and develop strategies with the Producers and Studio to mitigate or eliminate those risks.
- Implement safety programs that comply with industry standards and regulations.
- Organize safety training sessions for the cast and crew. Ensuring everyone involved in the production is aware of safe working practices and remains up to date with changing regulations.
- Conduct regular inspections of the filming locations and stage sets, identify any safety issues, potential hazards, or non-compliance; and communicate this to the relevant Department Head and/or Producers to address the concerns promptly and effectively.
- Work closely with all departments to ensure safe work practices are followed consistently throughout production.

Netflix, LLC | Production Safety Executive, Features

Projects: *Red Notice / The Adam Project / Your Place or Mine / We Have a Ghost / Extraction 2 / The Deliverance / A Family Affair*

- Lead daily operations and strategic direction for assigned Productions ensuring alignment with studio safety goals.
- Develop and enhance Studio health and safety policies, guiding internal and external teams to ensure compliance.
- Spearhead safety for Netflix global productions and Studios-related facilities worldwide.
- Evaluate and improve Production Safety programs for increased effectiveness and efficiency.
- Collaborate with production teams in planning and executing production-related activities, including reviewing departmental safety assessments, and referring vendors when needed.
- Coordinate with Producers to assess and advise on safety policies and production-related activities.
- Oversee the developing and distributing of IIPP and Studio Safety guidelines, environmental safety protocols, and other safety-related materials.
- Respond to and investigate emergencies, incidents, and accidents, ensuring timely resolution and preventive measures.
- Hire and manage a team of Safety Consultants to implement the Netflix Safety program for higher-risk productions.
- Stakeholder in the studio's global development and implementation of COVID protocols during the Pandemic to ramp productions back up safely and in compliance with CDC, WHO, state, local, and industry standards.

NBCUniversal | Production Safety Manager: Series and Live Events

Projects: *Law & Order, Law & Order: Criminal Intent, Law and Order: SVU, Macy's 4th of July Fireworks, Mr. Robot, New Year's Eve with Carson Daly, Satisfaction, 12 Monkeys, The Path, The Marriage Ref, The Jack and Triumph Show, Saturday Night Live, Late Night with Jimmy Fallon, The Sound of Music Live, Peter Pan Live, The Wiz Live, American Odyssey, Deception, Prime Suspect*

- Led the oversight of Environmental, Health, and Safety protocols on production, successfully implementing the NBCU Safety Program for Pilots, New, and Existing Productions.

- Conducted thorough script reviews and generated detailed reports for studio, production, and executive teams.
- Participated in tech scouts to identify and address relevant safety concerns.
- Actively attended production meetings, and present on set during high-risk activities.
- Managed injury investigations, worker compensation workflows, and maintained accurate recordkeeping.
- Performed pre-lease, stage, and shooting location inspections to ensure safety compliance.
- Effectively addressed safety concerns raised by crew members promptly.
- Undertook data entry tasks, managed hazardous waste collection and disposal, organized safety committees, and provided crew training on safe work practices following city, state, and federal regulations.
- Facilitate environmental testing and obtain structural engineering reports before the arrival of the working crew.
- Year over Year reduced DAFW, Work Restriction, and Recordable Injuries across my productions saving productions and the studio in Worker Compensation Claims.
