Producer

20-year veteran of video production including planning and running multiple projects with efficiency and strategically solving problems to create the best content possible. Understands the creative process from concept to implementation.

Experience

Warm Springs Productions June '22 - Sept '23

Edited various reality television shows. Received longer video cuts from story producers, edited and graphics team.

Freelance/Producer June '16 - Present

Independently manage multiple content and digital marketing projects through each step of project workflow, from concept execution approval to release and implementation, by ensuring business needs are being met with brand-elevated experiences. Made sure original camera footage is backed up and ensure data integrity of the files. Write scripts, select software and hardware to use in production, and effectively communicate, articulate and manage deliverables such as expectations, process and end product to clients to ensure content is on-time. Establish working relationships with clients/brand owners. Work closely with brand and marketing teams to establish collaborative and synergistic relationships.

Magnum Global Media December '10 - June '16

Shot, edited, reviewed, and output reality television content. Developed and maintained a production schedule. Created and managed feedback/revision process. Ensured on-time delivery of video content. Effectively communicated about project expectations to team members and stakeholders in a timely and clear fashion. Worked closely with all stakeholders to establish excellent working relationships and highly successful collaboration.

Barrett Productions May '05 - December '10

Filmed and edited outdoors, fly-fishing and hunting reality television. Communicated and managed the deliverables of each project. Maintained an inventory of production equipment and established a check-in/check-out process. Gained knowledge and appreciation of the hunting, fishing, and outdoor industry.
