## Experience

---

### ***Sharktana* / Art Department Production Assistant**

February 9th - 13th 2026, Lost Horse Lodge, Hamilton, MT

Worked in the Art Department as a Production Assistant. Helped set dress both indoors and outdoors, prepared and created props, and organized the art room's props and set dress materials.

### ***The Fortune Teller* / Assistant Prop Master and Set Dresser**

December 1st - 20th 2025, Missoula, MT

Painted studio walls, organized Art Room props and set dress materials, cleaned and helped with whatever was needed for getting the studio space ready for production. Made store runs for any materials, set dress, props, and other art department necessities. Got props organized and ready for each shoot day. Acted as the solo Art representative for skeleton crew shoots where I handled both the props and set dress. Worked on visual effects, such as blood splatters and puppeteering a tarantula.

### ***Two Step - 48HR Film Festival* / 2nd Assistant Director and Script Supervisor**

June 20 and 21 2025, Missoula, MT

For the 48HR Film Festival where story writing, production, and post production all take place within a 48 hour time constraint. I was part of the story building process. Assisted the Director in fulfilling her creative vision, drafted call sheets, made announcements and updates about filming time, location, and story. Greeted actors as they arrived on set. Kept the cast and crew on schedule throughout the shoot. I was also the Script Supervisor on set; took meticulous notes to ensure continuity aligned from scene to scene. Worked closely with the Director and Assistant Director to confirm actors' deliveries, actions, and improvisations were approved. Made notes for which take the Director liked the most, as well as other notes on continuity and quality of sound and focus.

### ***Kynda Productions and Athena Photography* / Art Production Assistant and Slate**

May 09 2025, Missoula, MT

Assisted in set decoration, stand-ins, slate, and production set up. Adapted promptly to whatever was needed. Assisted in transporting equipment. Worked closely with Assistant Director and Director.
